**Where would you  
like to go ? Let us  
know and we will**

What a month it has been!

Diving is getting colder, water is getting clearer, but people are still diving every week!

Winter is a great time to get in the water and come play! Once the initial shock of cold water sets in, you'll be loving every minute of our great waters around Sydney.

If your too girly to get in the water because 'its cold' (he he!), come into St George Underwater Centre to get ready for your next dive adventure! We've got some great trips lined up, and I've heard much interest about our Hideaway Trip over New Years Eve, and I know a certain member of staff with red, curly locks is thinking hard about a relaxing sunny getaway! (No clues there!).

If your still not ready to brave the water, but love a social atmosphere, I suggest you book onto one of our world famous social evenings. In the past, brave soldiers of the deep have come face to face with Teppanyaki, Ten Pin Bowling, Lawn Bowls, Imax 3D, the Sydney Aquarium and lots, lots more!

The one thing you can not miss is our fantastic Christmas Party! Book in and put down a deposit to seal your name!

I hope to see you all out and about, either in the water, or living it up with the social club!

See you @ the Centre!

Caitlin.

# RHINDORFE GERMAN RESTAURANT

## 27TH JUNE 08

If there's one thing I've learnt from Friday nights social night, is that the Germans mean BIG. Big beers and big food was on the menu at our latest social night! Many of our guests were left salivating for more pork knuckles and more German hostesses! Everyone had an awesome, ate plenty, drank plenty more, in the end resulting in a coaster throwing fiasco, where somehow, a coast got stuck on Grant Manley's nose!

Some of the highlights included the delicious apple strudel, the massive pork knuckles that were 'bigger than me!' -Shazza.

The night was a fantastic event, and I'm sure we'll be hearing about it for months to come!

If you missed out, make sure you check the dive calendar, and read our emails to keep up on all the news! And don't forget to book ahead of time to confirm your spot on these amazing events!

Caitlin.

## CLUB DIVE

### 22/06/08

The club dive was scheduled for Bare Island but due to the weather it was changed to the Monument at Kurnell, for a drift dive.

The intrepid divers were Wendy, David, George, Peter, Harmony, Keith & John. We arrived at 10.30am just on the change of the tide. Wendy and David were a bit out of practice and took a while to get organized with their gear, but the team were soon off into the deep. Visibility wasn't great but soon

Improved as we got deeper. We were all in for treat, a good few nudibranchs were on the rocks below everyone was in the mood for happy snaps and then the Weedy Sea Dragons appeared, 4 were seen in total. A Crested Horn Shark popped in for a camera appearance. A giant Cuttlefish and huge Red Morwong also appeared for the cameras. The fact that Bare Island was being pummeled by huge breakers made us all very glad we headed for Kurnell and swam around to the steps, an excellent time was had by all.
